Objective

"To start a lifelong career in either Web development or Web designing or both utilizing all the skills I've developed in my college years and in my earlier work experiences while also using the technologies I've learned in the course of my past and present self-study sessions."

Work Experiences

- **Crew Coordinator**
Yialos Manning Services Inc., Manila, PH, February 2016 - September 2016
Junior managerial position with direct business correspondence to clients (seafarers and principals), training centers and port agents around the world.
- **ERP Assistant**
Yialos Manning Services Inc., Manila, PH, November 2015 - February 2016
Data gathering with comprehensive generation of data reports. Use of ERP software, NAVISION for data management and strategic report generation.
- **IT Assistant**
MacGraphics Carranz Intl. Corp., Antipolo City, PH, September 2015 - October 2015
Assisted in troubleshooting different network difficulties in the office such as faulty cable connections and router configuration.
- **Layout Editor & Data Encoder (OJT)**
iPower Products & Systems Inc., Pasig, PH, Dec 2014 - Mar 2015
Provided layout editing assistance of several "receipt" layouts provided by the client through the use of Adobe Photoshop. I was also in-charge of encoding all the product data the company is selling in their online website.
